AIDSWALK Tucson 2012
Pow Wow 101
Duke’s Car Club 50th Anniversary
Traditions of the Caribbean

www.tucsonmeetyourself.org
Welcome!

Tucson Meet Yourself Folklife Festival celebrates the living traditional arts and expressions of everyday life of our multinational Arizona-Sonora region. This is the 39th edition of what began as a small gathering of home cooks, folk artists, and traditional musicians in 1974. The festival has grown significantly since then, but we still hold firm on our belief that ordinary people make beautiful arts that grow from their hearts, their families and communities.

We present the Festival free, as our gift to the community; but this year we are asking for a suggested donation of $1 (a small gift of love to help the festival remain strong financially so it can be around another 39 years!)

We thank you for your generosity!

2012 Festival Highlights

Kidlore
Activity area and educational hands-on programs focused on the traditions of children between the ages of about 6 and 15 such as games, riddles, jokes, pranks, superstitions, rhymes and games played in the school playground.

AIDS Walk Tucson 2012
Sunday October 14th, 2012 8am, the walk will start and finish in the middle of the Festival, culminating in ritual unfolding of NAMES Quilt Panels (national and local) in partnership with Southern Arizona AIDS Foundation (SAAF).

Pow Wow 101
The first installment of TMY’s new statewide folk arts scope “Arizona Traditional Arts” introduces the public to everything they always wanted to know about a pow wow but were afraid to ask: the rules of comportment in this inter-tribal Native gathering, different styles of Northern and Southern drumming and singing, drum maker demonstration, sales of Native crafts, fancy and traditional dancers, and community dance where everyone is welcomed to join.

Duke’s Car Club 50th Anniversary
Commemorative exhibit, story circles, and special events about the world’s oldest lowrider car club in continuous existence, with over 30 chapter all over the USA (including Tucson) as well as Australia and Japan.

Traditions of the Caribbean
A local celebration of the many strands and cultural objects and sounds of one of the world’s most exuberant celebrations, the annual Carnival from Trinidad.

**ONCE UPON A VIRUS: AIDS Legends, Public Health and the Law** A lecture by Diane Goldstein, Ph.D.

Professor and Chair of the Department of Folklore and Ethnomusicology at Indiana University, Professor Goldstein's talk will explore the story-making activities that have surrounded the AIDS epidemic. Told cross-culturally, AIDS legends recount many frightening scenarios and conspiracy theories. Though fascinating and intriguing, these narratives do more than merely entertain. They warn and inform, articulate notions of risk, provide political commentary on public health actions, and offer insight into the relationship between cultural and health truths.

Saturday, October 13 : 2pm

Presented with the support of Arizona Humanities Council and Confluencenter for Creative Inquiry/UA

#### HIV/AIDS TESTING

HIV/AIDS testing will be offered at the Jacome Plaza.

**HIV/AIDS testing will be offered at the Jacome Plaza.**
A unique TMY tradition is that the last word spoken and heard at the festival be in O’odham (on Sunday all performances end by 5:30pm except the Tohono O’odham ceremonial dance and music which run through 6pm at the City Hall Stage). Why do we do this? Big Jim Griffith explains:

“This is really O’odham country. The first language that we know was spoken here was O’odham; according to O’odham Creation stories, this is where they came to when they were led out of the Underworld; many older O’odham believe that they were made by the Creator out of the specific soil of this place. The rear guard is the place of danger, and therefore of honor. Its job was to hold off the enemy as long as possible so the women and children (the future of the group) could escape. For those reasons I always tried to put traditional Tohono O’odham music and dance last on the last day. As far as possible, when the O’odham announcers stopped speaking, we would shut down the sound system, so that the festival was closed by O’odham voices. Things didn’t always work that way, but it was announced as an ideal.”
